Thanks Steve, that is what I thought. We had a USACE person said they weren't getting any of the DW/WW data and I said our ESF-10 desk person always coordinates with ESF-3 at the JFO.

Thanks,

*Dawn Ison*

We post our SitRep each night on WebEOC which USACE knows about and can see...  
They also get a summary report each night from their USACE person in Austin who is embedded with our team...  
And they know to come over and I can show them the most recent excel sheet that START sends me with all the facilities and status from Response Manager...  
So we have coordinated...

*With Regards, Steve*

**Subject:** Question about ESF reporting

Hi Steve,

Are you still at the Denton RRCC or have you moved to the JFO in Austin?

Can you tell me if you are sending the EPA situation update (including DW and WW) over to the ESF-3 desk as well?

Thanks so much!

*Dawn Ison*
